Sample Approval Form

Customer: Energy King
Attention: Mike Kolz
CSR: Helena Botelho

Die #: 15296
Description: D.H. Jamb w/ Nailing Fin

Rigid Colour: WH-136
Flex Colour: N/A
Capstock Colour: N/A

- ☐ Approved
- ☑ Approved with Comments
- ☐ Reject (Please Comment)
- ☐ Re-sample (Please Comment)

Comments: The closed in legs for the balance pocket causes us issues with the tilt latch locations.
The mull track causes us some issues with the weld fixtures and notch box.

Customer Signature:

Customer Name: Energy King Windows & Doors Inc.
Position: Director Of Manufacturing
Signature: Michael Kolz
Date: June 24, 2019

Vision Profile:

QC Manager: Tri Thai
Plant Manager: Pino Consolmagno

Notes:

(1) Please sign this form and return to your Customer Service Representative. Keep a copy for your records.
(2) Please sign a one foot sample. Return one (1) to your Customer Service Rep. and retain one (1) for your records.
(3) "Approved" indicated that the samples meet all the specifications required for your proper manufacturing and fabrication purposes. An "Approved" Status indicates Customer consent for Vision Profile to anodize and harden the tooling for production.
(4) "Approved with Comments" indicates that the sample does not meet all the specifications required for your proper manufacturing purposes, however, the issues can be addressed before production begins, without the need for re-sampling. Please consult with Vision Profile for any technical support you may need to address these issues.
(5) If samples are rejected, please explain in the comments section.
(6) If re-sampling is required, please explain in the comments section.
